EMERGENCY RULE MAKING

Military Ballots for School District and School District Public Library Elections, Budget, and Referenda

I.D. No. EDU-11-20-00015-E

Filing No. 429

Filing Date: 2020-07-14 **Effective Date: 2020-07-14**

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Addition of Part 122 to Title 8 NYCRR.

Statutory authority: Education Law, sections 101, 207, 260, 260-a, 305, 2012, 2014, 2018-a, 2018-b, 2018-d as added by L. 2019, ch. 489

Finding of necessity for emergency rule: Preservation of general welfare. Specific reasons underlying the finding of necessity: The proposed addition of Part 122 to the Regulations of the Commissioner of Education is necessary to implement the provision of Chapter 489 of the Law of 2019 (Chapter 489) which amended the Education Law, effective November 11, 2019, providing military ballots for school district and school district public library elections, budget, and referenda.

The proposed addition of Part 122 to the Commissioner's regulations implements Chapter 489 and clarifies provisions relating to the transmission of military voter registration, ballot applications, and ballots; the form of such voter registration, ballot applications, and ballots; the procedures for voting by military ballot; language for the military ballot voter affirmation; and the canvasing of military ballots.

The proposed amendment was presented to the P-12 Education Com-

mittee for recommendation and to the Full Board for adoption as an emergency action at the March 2020 meeting of the Board of Regents, effective March 3, 2020. The proposed amendment was adopted as a 2nd emergency action at the May 2020 meeting of the Board of Regents effective May 29, 2020. The proposed amendment is being presented for adoption as a permanent rule at the July 2020 Regents meeting, however pursuant to SAPA § 203(1), the earliest effective date of the permanent rule is July 29, 2020, the date a Notice of Adoption will be published in the State Register. Since the May emergency rule will expire on July 27, 2020, emergency action is necessary for the preservation of the general welfare in order to immediately conform the Regulations of the Commission of Education to Chapter 489, which became effective November 11, 2019 to ensure that procedures and standards are in place for military voters so that they are able to vote by military ballot in school district and school district public library elections, budgets, and referenda as they are entitled to under the provisions of such chapter and to ensure that the emergency action taken at the May 2020 meeting remains in effect until the proposed rule can be permanently adopted.

 Section 122.2 provides definitions for specific terms for this Part;
 Section 122.3 provides clarification on the transmission of military voter registration, ballot applications, and ballots including methods of transmission (mail, fax, or e-mail) and time frames for transmission;

 Section 122.4 provides clarification regarding military voter registration, including what, at a minimum, must be included on personal registration applications forms for school districts with a system for the personal registration for voters;

• Section 122.5 provides clarification regarding military ballot applica-

tions and the form of such ballot applications;

• Section 122.6 provides clarification on military ballots, including what shall be included on such ballots and the validity of such ballots. This section also requires school districts and school district public libraries, as applicable to prepare a list of military voters to whom military ballots have been issued and requires such list to be made available for public inspection;

• Section 122.9 provides clarification on the canvassing of military ballots by school districts and school district public libraries, as applicable.

I.D. No. EDU-30-20-00004-EP

Filing No. 433

Filing Date: 2020-07-14 **Effective Date: 2020-07-14**

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Proposed Action: Amendment of sections 80-5.3, 80-5.4, 100.1, 100.2, 100.5, 100.6, 100.10, 117.3, 136.3, 145-2.1, 151-1.3, 154-2.2, 154-2.3, 156.3 and 200.4 of Title 8 NYCRR.

Statutory authority: Education Law, sections 101, 207, 208, 209, 215, 305, 308, 309, 602, 661, 905, 1709, 2117, 2854, 3001, 3004, 3009, 3204, 3205, 3208, 3212, 3214, 3602, 3602-c, 3602-e, 3604, 3623, 3713, 4401, 4403 and 4410

Finding of necessity for emergency rule: Preservation of public health and general welfare.

Specific reasons underlying the finding of necessity: On January 30, 2020, the World Health Organization designated the novel coronavirus, COVID-19, outbreak as a Public Health Emergency of International Concern. On March 7, 2020 the Governor of New York State declared a State disaster emergency for the entire State of New York pursuant to Executive Order 202. Subsequently, the Governor issued additional Executive Orders in response to the COVID-19 crisis including orders directing the closure of schools for the remainder of the school year and summer school and directing non-essential work personnel to work from home. In response the Department adopted emergency regulations at the April, May, and June 2020 Board of Regents Meetings to address numerous issues resulting from the interruptions caused by the COVID-19 crisis. To address additional issues resulting from the interruptions caused by the COVID-19 crisis and to prepare for the reopening of schools, it is necessary for the Department to adopt further regulatory amendments. The proposed amendments provide flexibility related to the following:

- Academic Intervention Services (AİS) determinations;
- Home instruction programs deadline for submission of the written notice of intention to instruct at home;
 - · School health screening waivers;
 - Definition of the unity of study;
- Career development and occupational studies work-based learning experience hours;
 - Science laboratory experience;
 - Diagnostic screening for new school entrants;
- Psychological evaluations for students referred for being suspected of having a disability;
- Student observation for an initial evaluation of a student suspected of having a disability;
 • Incidental teaching;

 - Substitute teaching;
 - Shorter semester for institutions of higher education;
 - Class sizes for 3-year olds and 4-year olds;
- Process for initial enrollment, reentry identification and parent notification, orientation, and placement of English Language Learners (ELLs), identification of ELLs with inconsistent/interrupted formal education, and the timeline for review of ELLs identification; and
 - · School bus drills.

Because the Board of Regents meets at scheduled intervals, the earliest the proposed amendment could be presented for regular (nonemergency) adoption, after publication in the State Register and expiration of the 60day public comment period required in the State Administrative Procedure Act (SAPA) sections 201(1) and (5), is the October 2020 Regents meeting. However, because the COVID-19 crisis is presently affecting the State of New York, emergency action is necessary for the preservation of public health and the general welfare in order to immediately provide flexibility for certain regulatory requirements in response to the COVID-19 crisis and to prepare for the reopening of schools.

It is anticipated that the proposed rule will be presented for adoption as a permanent rule at the October 2020 Regents meeting, which is the first scheduled meeting after the 60-day public comment period prescribed in SAPA for State agency rule makings. However, since the emergency regulation will expire before the October meeting, it is anticipated that an additional emergency action will be presented for adoption at the September 2020 Regents meeting.

Subject: Addressing the COVID-19 crisis and planning for the reopening of schools.

Purpose: To provide regulatory flexibility due to the COVID-19 crisis and to plan for the reopening of schools.

Substance of emergency/proposed rule (Full text is posted at the following State website: http://www.counsel.nysed.gov/rules/full-text-indices): On January 30, 2020, the World Health Organization designated the novel coronavirus, COVID-19, outbreak as a Public Health Emergency of International Concern. On March 7, 2020, the Governor of New York State declared a State disaster emergency for the entire State of New York pursuant to Executive Order 202. Subsequently, the Governor issued additional Executive Orders in response to the COVID-19 crisis, including orders directing the closure of schools for the remainder of the school year and summer school and directing nonessential work personnel to work from home. In response, the Department adopted emergency regulations at the April, May and June 2020 Board of Regents Meetings to address numerous issues resulting from the interruptions caused by the COVID-19 crisis. To address additional issues resulting from the interruptions caused by the COVID-19 crisis, and to plan for the reopening of schools the Department is proposing further emergency regulatory amendments as follows:

Academic Intervention Services

o Section 100.2(ee) of the Commissioner's regulations is amended to provide that schools are not required to conduct the two-step identification prescribed for identification of students to receive AIS for the 2020-21 school year due to the cancelation of State assessments for the 2019-20 school year due to the COVID-19 crisis.

Home Instruction

o Section 100.10(b) of the Commissioner's regulations is amended to provide that for the 2020-21 school year, the home instruction program deadline for submission of the written notice of intention to instruct at home is extended from July 1 until August 1, 2020 due to the COVID-19

· Health Screening Waiver

o Section 136.3(e) of the Commissioner's regulations is amended to provide that hearing, vision, and scoliosis screenings required to be provided by public schools are waived for the 2020-21 school year due to the COVID-19 crisis, unless the screening is otherwise deemed necessary.

- Process for initial enrollment, reentry identification and parent notification, orientation, and placement of English Language Learners (ELLs), identification of ELLs with inconsistent/interrupted formal education, and the timeline for review of ELLs identification; and
- School bus drills.

The proposed amendment provides flexibility for certain regulatory requirements during the COVID-19 crisis and plans for the reopening of schools. Thus, the proposed amendment does not adversely impact entities in rural areas of New York State. Accordingly, no further steps were needed to ascertain the impact of the proposed amendment on entities in rural areas and none were taken. Thus, a rural flexibility analysis is not required and one has not been prepared.

Job Impact Statement

The purpose of the proposed amendments is to provide flexibility for certain regulatory requirements in response to the COVID-19 crisis and to plan for the reopening of schools. The proposed amendment provides flexibility related to the following:

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2023, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment 1. COMMENT:

The deadline for the new reporting guidelines does not appropriately conform to the deadline for the annual report.

DEPARTMENT RESPONSE:

The proposed regulation does not change current reporting deadlines. The annual report will continue to have an August 1 deadline, while maintaining the November fiscal reporting requirements currently in place. 2. COMMENT:

The timetable for implementation is not realistic, and implementation should be delayed until feedback is provided by a working group. DEPARTMENT RESPONSE:

The Every Student Succeeds Act (ESSA) requires that every charter school submit a financial transparency report for inclusion in its report card that provides "the per-pupil expenditures of Federal, State, and local funds, including actual personnel expenditures and actual non-personnel expenditures of Federal, State, and local funds, disaggregated by source of funds," beginning with actual expenditures from the 2019-20 school year.

The Department initially began informing schools of the proposed regulatory changes in 2019, more than one year before implementation. Town halls and meetings were held to garner feedback from schools regarding the proposal. A charter school ESSA Fiscal Transparency working group was also formed early in 2020. Members of this group, representative of the charter sector, including schools from across the State, advocacy organizations, and authorizers, meet on a regular basis to develop guidance documents for charter schools and provide input to NYSED regarding ESSA Fiscal Transparency implementation.

3. COMMENT:

Charter-specific reporting templates and guidance are needed prior to the reporting deadline.

DÉPARTMENT RESPONSE:

Charter-specific guidance and template will be issued prior to the reporting deadline. The reporting template used will ensure that the data submitted by charter schools is easily comparable to the data submitted by district schools. The charter school ESSA Fiscal Transparency working group has been meeting on a regular basis to develop this guidance.

4. COMMENT:

The proposed regulation improperly exceeds the statutory reporting requirements by giving the Commissioner wide latitude regarding the form and scope of the report.

DEPARTMENT RESPONSE:

Education Law § 2857 gives the Commissioner wide latitude to determine the form and scope of the annual report, to wit, "The annual report shall be in such form as shall be prescribed by the commissioner and shall include at least the following components..." Emphasis added.

5. COMMENT:

Terms contained in the proposed regulation lack specificity and require clarification, and the reporting requirements are duplicative.

DEPARTMENT RESPONSE:

A Charter-specific template and guidance will be issued prior to the reporting deadline. The reporting template will make data submitted by charter schools easily comparable to the data submitted by district schools. The Charter school financial transparency reporting may lead to very limited cases of duplicative reporting with other charter school reporting requirements.

Regulatory Impact Statement

Í. STAŤUTÓRY AUTHORITY:

Education Law 101 charges the Department with the general management and supervision of all public schools and all of the educational work

Education Law 207 grants general rule-making authority to the Regents to carry into effect State educational laws and policies.

Education Law 210 grants rule-making authority to the Regents to register domestic and foreign institutions in terms of New York standards.

Education Law 305 authorizes the Commissioner to enforce the educational policies of this State and execute all educational policies determined by the Regents and shall prescribe the licensing of teachers employed in this State.

Education Law 3004 authorizes the Commissioner to promulgate regulations governing the certification requirements for teachers employed in public schools.

Education Law 3009 prohibits school districts from paying the salary of an unqualified teacher.

2. LEGISLATIVE OBJECTIVES:

The purpose of the proposed amendment to § 80-5.28 of the Regulations of the Commissioner of Education is to create a Transitional J certificate in order to provide greater flexibility to spouses of individuals on full-time active duty with the Armed Forces whose permanent duty station is in New York State. The Transitional J certificate would provide certain spouses of full-time active military personnel who relocate to New York State with the time needed to complete the requirements for certification, including the examination requirement(s).

3. NEEDS AND BENEFITS:

There are many full-time active duty personnel with the Armed Forces whose permanent duty station is in New York State. Attracting, supporting, and retaining full-time active military personnel who serve our country is important to local communities as well as to the State. To achieve this goal, spousal employment should be taken into consideration.

Spouses of full-time active military personnel face special challenges in starting or maintaining a teaching career due to frequent relocations. For example, each state has different teaching certificate requirements, fees, and processing times. In response to these challenges, some states have provided flexibility with certification requirements for spouses of full-time active military personnel.

4. COSTS:

a. Costs to State government: The amendments do not impose any costs on State government, including the State Education Department.

b. Costs to local government: The amendments do not impose any costs on local government.

c. Costs to private regulated parties: The amendments do not impose any costs on private regulated parties.

d. Costs to regulating agency for implementation and continued administration: See above

. LOCAL GOVERNMENT MANDATES:

The proposed amendment does not impose any additional program, service, duty or responsibility upon any local government.

6. PAPERWORK:

The proposed amendment does not impose any additional paperwork requirements.
7. DUPLICATION:

The proposed amendment does not duplicate existing State or Federal

8. ALTERNATIVES:

Because the State believes that uniform certification standards are required across the State, no alternatives were considered.

9. FEDERAL STANDARDS:

There are no applicable Federal standards. 10. COMPLIANCE SCHEDULE:

Following the 60-day public comment period required under the State Administrative Procedure Act, it is anticipated that the proposed amendment will be presented to the Board of Regents for adoption at its October 2020 meeting. If adopted at the October 2020 meeting, the proposed amendment will become effective on November 4, 2020.

Regulatory Flexibility Analysis

The purpose of the proposed amendment to § 80-5.28 of the Regulations of the Commissioner of Education is to create a Transitional J certificate in order to provide greater flexibility to spouses of individuals on full-time active duty with the Armed Forces whose permanent duty station is in New York State. The Transitional J certificate would provide certain spouses of full-time active military personnel who relocate to New York State with the time needed to complete the requirements for certification, including the examination requirement(s).

By requiring either an acceptable valid out-of-state certificate or the completion of an acceptable teacher preparation program, spouses of fulltime active military personnel would gain flexibility with certification requirements while demonstrating that they have the knowledge and skills to enter the classroom.

The Transitional J certificate would be valid for one year from its effective date to give spouses of full-time active military personnel time to pass the edTPA, Educating All Students (EAS) test, and Content Specialty Tests(s) required for Initial certification. If they pass the EAS test and Content Specialty Tests(s) prior to the expiration date of the Transitional J certificate, the certificate may be renewed once for an additional two years. The renewal gives candidates time to continue working on completing the

The Transitional J certificate would only be valid in a school district or BOCES for which a commitment of employment and support has been made. The commitment would be at least one year for the first certificate and two years for the renewal. The support would include a plan for mentoring, appropriate instructional support as determined by school or BOCES leadership, and at least 20 hours of professional learning targeted toward appropriate pedagogical skills during each year of employment. The professional learning would enhance the knowledge and skills of spouses of full-time active military personnel and enable them to stay current with best practices.

The amendment does not impose any new recordkeeping or other compliance requirements and will not have an adverse economic impact on small businesses or local governments. Because it is evident from the nature of the proposed amendment that it does not affect small businesses or local governments, no further steps were needed to ascertain that fact and none were taken. Accordingly, a regulatory flexibility analysis for small businesses is not required and one has not been prepared.

Rural Area Flexibility Analysis

1. TYPES AND EŠTIMATED NUMBERS OF RURAL AREAS:

This proposed amendment applies to all candidates for the Transitional J certificate, including those located in the 44 rural counties with fewer than 200,000 inhabitants and the 71 towns and urban counties with a population density of 150 square miles or less.

2. REPORTING, RECORDKEEPING, AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES

The proposed amendment does not impose any costs on Transitional J certificate candidates and/or the New York State school districts/BOCES who wish to hire them.

Job Impact Statement

The purpose of the proposed amendment is to create a Transitional J certificate to provide certain spouses of full-time active military personnel who relocate to New York State with the time needed to complete the requirements for certification, including the examination requirement(s). 3. NEEDS AND BENEFITS:

At its September 2017 meeting, the Board of Regents approved the implementation of the New York State P-12 Learning Standards for the Arts in all schools beginning July 1, 2018. The approval of the new standards prompted the Department to redevelop the Content Specialty Tests (CSTs) for certification in Dance, Music, Theater, and Visual Arts. Through the test redevelopment process, the test frameworks and items were redeveloped to ensure that candidates for certification in the arts subject areas can demonstrate the knowledge, skills, and abilities reflected in the new standards.

Regulatory Impact Statement

1. STAŤUTÔRY AUTHORITY:

Education Law 101 (not subdivided) charges the Department with the general management and supervision of all public schools and all of the educational work of the state.

Education Law 207 (not subdivided) grants general rule-making authority to the Regents to carry into effect State educational laws and policies.

Education Law 305 authorizes the Commissioner to enforce the educational policies of this State and execute all educational policies determined by the Regents and shall prescribe the licensing of teachers employed in this State.

Education Law 3001 establishes the qualifications of teachers in the classroom.

Education Law 3003 authorizes the Commissioner to issue permanent certificates to school superintendents.

Education Law 3004(1) authorizes the Commissioner to promulgate regulations governing the certification requirements for teachers employed in public schools.

Education Law 3009 prohibits school districts from paying the salary of

an unqualified teacher.

2. LEGISLATIVE OBJECTIVES:

The Department is proposing to create a safety net for the two-part School Building Leader Assessment that would become effective when the 2019 SBL Assessment becomes operational. When available, a candidate would be able to take Part One of either the 2019 SBL Assessment or the 2013 SBL Assessment and would be able to take Part Two of either the 2019 SBL Assessment or the 2013 SBL Assessment, for two years after the 2019 SBL Assessment becomes operational.

The proposed safety net allows candidates to be held harmless during the two-year transition period from the 2013 SBL Assessment to the 2019 SBL Assessment. The Department is proposing a safety net that is two years in length because candidates may enroll in a school building leader program that is based on the ISLLC Standards as late as Fall 2020, and candidates typically complete school building leadership preparation programs within two years.

3. NEEDS AND BENEFITS:

At its December 2017 meeting, the Board of Regents approved requiring school building leader preparation programs, that are registered or seek registration on or after December 1, 2020, to be aligned with the Professional Standards for Educational Leaders (PSELs), with some modifications. Programs have been aligned with the Interstate School Leaders Licensure Consortium (ISLLC) Standards. As such, the current Revised (September 2013) School Building Leader Assessment ("2013 SBL Assessment") for certification is based on the ISLLC Standards.

The approval of the PSELs prompted the Department to redevelop the 2013 SBL Assessment. Through the test redevelopment process, the test framework and items were redeveloped to ensure that candidates for school building leader certification can demonstrate the knowledge, skills, and abilities reflected in the PSELs.

It is anticipated that the Revised (May 2019) School Building Leader Assessment ("2019 SBL Assessment") will become operational in November 2020. The assessment framework was revised in May 2019 and was made available online for candidates and school building leader preparation programs to assist in the preparation of candidates for the redeveloped assessment.

4. COSTS:

- a. Costs to State government: The amendment does not impose any costs on State government, including the State Education Department.
- b. Costs to local government: The amendment does not impose any costs on local government.
- c. Costs to private regulated parties: The amendment does not impose any costs on private regulated parties.
- d. Costs to regulating agency for implementation and continued administration: See above.

5. LOCAL GOVERNMENT MANDATES:

The proposed amendment does not impose any additional program, service, duty or responsibility upon any local government.

6. PAPERWORK:

The proposed amendment does not impose any additional paperwork requirements.

7. DUPLICATION:

The proposed amendment does not duplicate existing State or Federal requirements.

8. ALTERNATIVES:

Because the State believes that uniform certification standards are required across the State, no alternatives were considered.

). FEDERAL STANDARDS:

There are no applicable Federal standards.

10. COMPLIANCE SCHEDULE:

Following the 60-day public comment period required under the State Administrative Procedure Act, it is anticipated that the proposed amendment will be presented to the Board of Regents for adoption at its October 2020 meeting. If adopted at the October 2020 meeting, the proposed amendment will become effective on November 4, 2020.

Regulatory Flexibility Analysis

The purpose of the proposed amendment to Section 80-1.5 of the Regulations of the Commissioner of Education is to create a safety net for the two-part School Building Leader Assessment that would become effective when the 2019 SBL Assessment becomes operational. When available, a candidate would be able to take Part One of either the 2019 SBL Assessment or the 2013 SBL Assessment and would be able to take Part Two of either the 2019 SBL Assessment or the 2013 SBL Assessment, for two years after the 2019 SBL Assessment becomes operational.

The proposed safety net allows candidates to be held harmless during the two-year transition period from the 2013 SBL Assessment to the 2019 SBL Assessment. The Department is proposing a safety net that is two years in length because candidates may enroll in a school building leader program that is based on the ISLLC Standards as late as Fall 2020, and candidates typically complete school building leadership preparation programs within two years.

The assessment framework was revised in May 2019 and was made available online for candidates and school building leader preparation programs to assist in the preparation of candidates for the redeveloped assessment.

The amendment does not impose any new recordkeeping or other compliance requirements and will not have an adverse economic impact on small businesses or local governments. Because it is evident from the nature of the proposed amendment that it does not affect small businesses or local governments, no further steps were needed to ascertain that fact and none were taken. Accordingly, a regulatory flexibility analysis for small businesses is not required and one has not been prepared.

Rural Area Flexibility Analysis

1. TYPES AND EŠTIMĀTED NUMBERS OF RURAL AREAS:

This proposed amendment applies to all candidates of the School Building Leader (SBL) Assessment, including those located in the 44 rural counties with fewer than 200,000 inhabitants and the 71 towns and urban counties with a population density of 150 square miles or less.

2. REPORTING, RECORDKEEPING, AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES:

The assessment framework was revised in May 2019 and was made available online for candidates and school building leader preparation programs to assist in the preparation of candidates for the redeveloped assessment.

3. COSTS:

The proposed amendment does not impose any costs on SBL Assessment candidates and/or the New York State school districts/BOCES who wish to hire them.

4. MINIMIZING ADVERSE IMPACT:

The Department believes that uniform standards for certification must be established across the State. Therefore, no alternatives were considered for those located in rural areas of the State.

5. RURAL AREA PARTICIPATION:

The proposed regulation will have a 60-day public comment period.

Revised Regulatory Impact Statement
1. STATUTORY AUTHORITY:

Education Law § 101 (not subdivided) charges the Department with the general management and supervision of all public schools and of all the educational work of the state.

Education Law § 207 (not subdivided) grants general rule-making authority to the Regents to carry into effect State educational laws and

Education Law § 305(1) authorizes the Commissioner to enforce laws relating to the State educational system and execute Regents educational policies. Section 305(2) provides the Commissioner with general supervision over schools and authority to advise and guide school district officers in their duties and the general management of their schools.

Education Law § 3214(3)(g) establishes the authority of an impartial hearing officer relating to a change in placement to interim alternative educational settings.

Education Law § 4403 outlines the Department's responsibilities regarding special education programs and services to students with disabilities. Section 4403(3) authorizes the Department to adopt regulations as the Commissioner deems in their best interest.

Education Law § 4404 establishes the appeal procedures for students with disabilities. Subdivision (1) authorizes and requires the Commissioner to promulgate regulations relating to the qualifications, procedures and timelines for impartial hearings, as well as procedures for the suspension or revocation of impartial hearing officer certification for good cause.

Education Law § 4410(7) provides that a parent may file a written request with the board of education for an impartial hearing with respect to any matter relating to the identification, evaluation or educational placement of, or provision of a free appropriate public education to preschool students with disabilities. Subdivision (14) authorizes the Commissioner to adopt regulations to implement the such statute.

2. LEGISLATIVE OBJECTIVES:

Consistent with the above statutory authority, the purpose of the proposed amendments are to: (1) expand the pool of potential impartial hearing officer (IHO) applicants in New York City by removing the restriction that all IHO attorney candidates be licensed in New York State and by allowing for the certification of qualified non-attorney IHOs to hear complaints filed in New York City; (2) ensure that IHOs maintain student confidentiality of students' personally identifiable information and render decisions in a format consistent with NYSED guidelines that comply with the Family Educational Rights and Privacy Act; and (3) permit IHOs to receive testimony by video conference, and to conduct hearings by video conference.

3. NEEDS AND BENEFITS:

In January 2020, the Board of Regents was presented with a discussion item regarding expanding the pool of applicants of Impartial Hearing Officers (IHOs) to hear special education due process complaints filed in New York City. A presentation by the New York State Education Department's (NYSED's) Office of Special Education's (OSE) consultant, Deusdedi Merced from Special Education Solutions, LLC, provided data on the number of due process complaints filed in New York State compared to the rest of the country. New York exceeds by 63 percent the next most active state (California) with due process complaint filings.

active state (California) with due process complaint filings.

Additionally, within New York State, the overwhelming majority of due process complaints are filed in New York City. In the 2018-2019 school year, 10,189 special education due process complaints were filed in New York State; of these, 9,694 filings, or 95 percent, were in New York City. That amount is expected to increase during the 2019-2020 school year. This unprecedented volume of special education due process complaints is

overwhelming the New York City due process system.

NYSED is proposing certain regulatory changes to expand the pool of IHO applicants in New York City and to clarify certain IHO duties and responsibilities. Many of these additional changes were listed in the January 2020 Regents item as possible amendments to address deficiencies in the hearing process that might help alleviate some of the pressure on the New York City Department of Education's special education due process system.

Expanding the Pool of Potential IHO Applicants in New York City

In accordance with the Individuals with Disabilities Education Act (IDEA), all IHOs must be held to a standard of appropriate legal practice when presiding over and rendering decisions in special education due process hearings. However, as discussed at the January 2020 Board of Regents meeting, New York State's current requirements for IHOs far exceed those required by IDEA to address the unprecedented number of open special education due process complaints in New York City.

1) Widening the Pool of Attorney IHO Candidates to Become IHOs:

NYSED proposes to amend section 200.1(x) of the Regulations of the Commissioner of Education to remove the restriction that all IHO attorney candidates be licensed in New York State, thereby providing for the certification of qualified candidates from neighboring states. These candidates must be in good standing in their licensed state. The amendment would further expand the areas of relevant law practice and experience for attorney candidates to better align with the requirements of IDEA by eliminating reference to civil rights law and more appropriately including reference to include experience in administrative law. The proposed amendment would also reduce the number of years of experience and/or practice for attorney candidates from two years to one year. While these proposed changes may widen the pool of applicant IHOs, it is important to note that when seeking a new cohort of IHOs for certification, NYSED seeks resumes, an extensive application, a writing sample, and three references, as well as conducting interviews of candidates, before inviting the applicant to attend a rigorous five-day training program. In other words, IHO candidates are rigorously vetted.

2) Allowing for Certification of Non-Attorney IHOs:

NYSED further proposes to amend section 200.1(x) of the Regulations of the Commissioner of Education to allow for the certification of non-attorney IHOs to hear complaints filed in New York City, as well as set qualifications for these candidates. Because 95 percent of the volume of New York State's cases are in New York City, and, during stakeholder engagement, the Rest of State (ROS) did not endorse this change in

qualifications for the IHOs handling due process hearings in their districts, this change would only pertain to New York City. The New York City Department of Education endorses this change in order to expand the number of certified IHOs accepting cases in New York City. Currently, there are 67 certified IHOs assigned to more than 10,000 due process complaints in New York City with approximately 1,700 cases waiting assignment of an IHO. Expanding the pool of applicants and having more IHOs available to take cases will assist with this volume. Non-attorney IHOs will be required to possess a minimum of a Masters degree in education, special education, psychology, or a related field and two years of experience applying knowledge of federal or State law and regulations pertaining to the Individuals with Disabilities Education Act in education, special education, or a related field.

Privacy

1) IHOs must maintain student confidentiality:

NYSED proposes to amend section 200.5(e) of the Regulations of the Commissioner of Education to add IHOs to this section listing out who is required to maintain confidentiality of students' personally identifiable information.

2) IHOs must render decisions in a consistent format:

Additionally, and in accordance with section 200.5(e), NYSED proposes to amend section 200.5(j) requiring IHOs to render decisions in a format consistent with NYSED guidelines that comply with the Family Educational Rights and Privacy Act (FERPA). This requirement will eliminate the need for local educational agencies or NYSED to have to redact decisions so that they comply with FERPA before making the decisions publicly available as required by IDEA.

Use of Video Conference

1) IHOs may receive testimony by video conference:

The regulations currently allow IHOs to receive testimony by telephone. NYSED proposes amending section 200.5(j)(3)(xii)(c) of the Regulations of the Commissioner of Education to allow IHOs to receive testimony via video conference to better accommodate needed witnesses, provided that such testimony shall be made under oath and shall be subject to cross-examination.

2) IHOs may conduct hearings by teleconference or video conference:

To address concerns of the more than 10,000 due process cases in New York City, NYSED proposes to add clause (h) to section 200.5(j)(3)(xii) to allow an IHO to conduct hearings by teleconference or video conference with the consent of parties so long as all personally identifiable data, information, or records pertaining to students with disabilities during such hearing is subject to section 200.5(e), pertaining to privacy, described above

4. COSTS:

(a) Costs to State government: There are no additional costs to State government beyond those inherent in statute.

(b) Costs to local government: There are no additional costs to local government beyond those inherent in statute.

(c) Cost to private regulated parties: There are no additional costs to private regulated parties.

(d) Cost to the regulatory agency: There are no additional costs to the State Education Department.

5. LOCAL GOVERNMENT MANDATES:

The proposed amendment expands the pool of IHO applicants in New York City and clarifies certain IHO duties and responsibilities and does not impose any program, service, duty or responsibility upon any county, city, town, village, school district, fire district or other special district.

6. PAPERWORK:

The proposed amendment does not impose any reporting or other paperwork requirements.

7. DUPLICATION:

The proposed amendment does not duplicate any other existing State or federal requirements.

8. ALTÉRNATIVES:

The proposed amendment is necessary to address the deficiencies in the impartial hearing process by expanding the pool of IHO applicants and clarifying certain IHO duties and responsibilities. There were no significant alternatives and none were considered.

9. FEDERAL STANDARDS:

There are no applicable Federal standards.

10. COMPLIANCE SCHEDULE:

A Notice of Proposed Rule Making will be published in the State Register on March 18, 2020. Following the 60-day public comment period required under the State Administrative Procedure Act, it is anticipated that the proposed amendment will be presented to the Board of Regents for adoption at its July 2020 meeting. If adopted at the July 2020 meeting, the proposed amendment will become effective on July 29, 2020.

Revised Regulatory Flexibility Analysis

Since publication of a Notice of Proposed Rule Making in the State Register on March 18, 2020, substantial revisions were made to the proposed rule. The Department revised the proposed amendments to section 200.5 of the Commissioner's regulations to permit IHO's to conduct hearings by "teleconference" in addition to video conference and clarified language to reflect that written consent may be requested at a pre-hearing conference, if one is held.

These substantial revisions do not require any changes to the previously published Regulatory Flexibility Analysis for Small Businesses and Local Government.

Revised Rural Area Flexibility Analysis

Since publication of a Notice of Proposed Rule Making in the State Register on March 18, 2020, substantial revisions were made to the proposed rule. The Department revised the proposed amendments to section 200.5 of the Commissioner's regulations to permit IHO's to conduct hearings by "teleconference" in addition to video conference and clarified language to reflect that written consent may be requested at a pre-hearing conference, if one is held.

1. TYPES AND ESTIMATED NUMBER OF RURAL AREAS:

The proposed amendments applies to impartial hearing officers (IHOs) who conduct special education impartial hearings where the district or a parent initiates a due process complaint at any public school located in New York State, including those located in the 44 rural counties with less than 200,000 inhabitants and the 71 towns in urban counties with a population density of 150 per square mile or less.

2. REPÓRTING, RECORDKEEPING AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES:

The proposed amendment does not impose any additional compliance requirements or professional services requirements on entities in rural areas.

The proposed amendments would: (1) expand the pool of potential impartial hearing officer (IHO) applicants in New York City by removing the restriction that all IHO attorney candidates be licensed in New York State and by allowing for the certification of qualified non-attorney IHOs to hear complaints filed in New York City; (2) ensure that IHOs maintain student confidentiality of students' personally identifiable information and render decisions in a format consistent with NYSED guidelines that comply with the Family Educational Rights and Privacy Act; and (3) permit IHOs to receive testimony by video conference, and to conduct hearings by video conference or teleconference.

3. COMPLIANCE COSTS:

The proposed amendment does not impose any additional costs on entities in rural areas.

4. MINIMIZING ADVERSE IMPACT:

The proposed amendment is necessary to address the unprecedented volume of special education due process complaints in the New York City due process system by expanding the pool of IHO applicants in New York city. The proposed amendment is also necessary to clarify certain IHO duties and responsibilities. Therefore, no alternatives were considered for those located in rural areas of the State.

5. RURAL AREA PARTICIPATION:

Three public hearings will be conducted to obtain comment on the proposed amendments. In addition, the proposed amendment was submitted for comment to school districts through the offices of the district superintendents of each supervisory district in the State including those in rural areas.

Revised Job Impact Statement

Since publication of a Notice of Proposed Rule Making in the State Register on March 18, 2020, substantial revisions were made to the proposed rule. The Department revised the proposed amendments to section 200.5 of the Commissioner's regulations to permit IHO's to conduct hearings by "teleconference" in addition to video conference and clarified language to reflect that written consent may be requested at a pre-hearing conference, if one is held.

These substantial revisions do not require any changes to the previously published Statement in Lieu of Job Impact Statement.

Assessment of Public Comment

Since publication of a Notice of Revised Rule Making in the State Register on March 18, 2020, the State Education Department (SED) received the following comments on the proposed amendment.

Widening the Pool of Attorney Impartial Hearing Officer (IHO) Candidates to Become IHOs: Remove the restriction that all IHO attorney candidates be licensed in New York State (NYS), reduce the number of years of experience from two years to one year, and expand the areas of relevant law practice to include administrative law.

1. COMMENT:

Support allowing attorneys from other states to serve as IHOs but require them to have two years of legal experience and training on Part 200 of the Commissioner's Regulations (CR). Individuals with Disabilities Education Act (IDEA) requires IHOs to possess knowledge of federal and state statutes, regulations, and case law. Understanding of NYS practice

and administrative law is an important qualification for IHOs, since the record may be reviewed and remanded within the NYS Unified Court System, and certifying IHOs who are licensed in other states could reduce the quality of hearings. Even two years of legal experience is insufficient to ensure an attorney has developed "standard legal practice."

DEPARTMENT RESPONSE:

SED acknowledges the importance of IHOs possessing knowledge of and having a fundamental understanding of IDEA, as well as federal and State statutes, regulations, policy and case law. All IHO applicants are rigorously vetted before being invited to attend a five-day training program, which includes CR Part 200. After training, IHO applicants must pass a test before becoming a NYS-certified IHO for special education due process. Additionally, each year, IHOs must participate in a seven and one half hour in-person training as well as 6 webinar hours of continuing legal education classes pertaining to special education law provided by SED. Even with the proposed reduction to one year of experience, SED is confident it will be able to continue to find appropriate IHO candidates who are able to provide standard legal practice.

2. COMMENT:

Administrative law is too broad of a category and would allow attorneys who practice in irrelevant fields (e.g., labor to zoning) and do not have relevant knowledge or experience to adjudicate claims regarding the education of students with disabilities to become IHOs.

DEPARTMENT RESPONSE:

Administrative law is one of several areas of practice and/or experience needed to become an IHO as defined in CR § 200.1(x). Most commenters agree that administrative law experience is an asset to becoming an IHO.

Allowing for Certification of Non-Attorney IHOs

3. COMMENT:

Several commenters opposed certification and use of non-attorney IHOs. These commenters noted the following:

- Proposal will hurt children and increase cases being improperly handled. Need individuals who are reliable interpreters of law;
- Law school requires three years of training including civil procedure, rules of evidence, state and federal legal system, how to read and interpret case law, legal writing, and other relevant courses;
- Attorney IHOs have passed the NYS Bar, which ensures a basic level
 of expertise. Other reasons non-attorneys are not qualified to be IHOs
 include: lack of knowledge to read, research and interpret case law; lack
 of knowledge of civil procedure and rules of evidence; uneven power
 dynamic when experienced attorneys can sway non-attorney IHOs who
 will not have background/experience to handle situations. Many parents'
 attorneys have expressed same concerns;
- Do not believe this would lead to an improved due process system and that the idea failed when attempted in past. Forty-two other states use attorneys, and no other state has reversed their decision to use attorneys;
- Amendment is not equitable, and crisis should not be used to push through a policy that the rest of the State would not be willing to adopt;
- Changing the eligibility criteria for IHOs in New York City (NYC) only, is discriminatory and denies NYC parents equal access to justice;
- School professionals such as district representatives and others have little understanding of the intent, process or provision of IDEA;
 - Non-attorneys are less likely to be impartial adjudicators;
- Non-attorneys would require intensive training to support their ability to make sound decisions based on the law;
- Many former NYC Department of Education (NYCDOE) employees will be attracted to position and will be biased;
- There will be additional unintended consequences number of appeals may rise dramatically, and length and complexity of hearings would increase. SRO's office already struggled with backlog in 2014. Parent attorneys would become insistent on extremely comprehensive records in anticipation of SRO appeal;
- SED's reason for revising regulations in 2001 to require IHOs be attorneys was that "since hearings have become increasingly complex and require individuals with expertise in substantive and procedural law involving special education in this State." Current proposal is completely inapposite to SED's former position; Special education law is one of most difficult legal topics to practice. Insulting to current IHOs to imply non-attorneys can do this work. Non-attorney IHOs would not be held to same code of ethics as attorneys. Non-attorney IHO's should not be paid same as attorney IHOs;
- Proposed regulation does not address true problem of a dysfunctional NYC impartial hearing system. Address inadequate compensation of IHO's and problems cited in Deusdedi Merced's February 2019 report. Eliminate uncontested pendency from impartial hearing process and cases in which NYCDOE has conceded that it has denied a student a free appropriate public education; and
- Proposed regulation makes it look like bodies are just needed; which will ultimately backfire. Other ideas can potentially speed up and decrease the number of cases in NYC including: not holding unnecessary pendency

hearings for uncontested pendency cases; enhanced rate cases (account for huge number of outstanding NYCDOE cases); increase maximum amount providers can be paid and provide benefits so there are truly qualified providers at schools and parents will be happy with services provided; and, develop system where additional years of private school for certain students can be vetted quickly for settlement.
DEPARTMENT RESPONSE:

SED acknowledges that by changing the regulations to allow for non-attorney IHOs in NYC, it is changing the regulations implemented in 2001, which specifically required that all IHOs, with the exception of those individuals who were grandfathered, be an individual admitted to practice law in NYS. The Department is currently reviewing these comments.

One commenter favored adopting the regulation to allow for certification of non-attorney IHOs. There are people who are sufficiently knowledgeable about NYS's special education laws and regulations, capable of making wise decisions, and able to write effectively and within the Family Educational Rights and Privacy Act (FERPA) requirements.

DEPARTMENT RESPONSE:

Comments supportive; no response necessary.

IHOs Must Maintain Student Confidentiality

5. COMMENT:

Support SED's recommendation to extend confidentiality provisions of CR § 200.5(e) to IHOs. Parents are entitled to confidentiality at all stages of special education process, and all persons involved in their child's education should be subject to confidentiality provisions.

DEPARTMENT RESPONSE:

Comments supportive; no response needed. IHOs Must Render Decisions in a Consistent Format

6. COMMENT:

IHOs already lack critical support needed to do their jobs in a timely and efficient manner. Proposal could add administrative tasks to IHOs for which they are not paid and have unintended consequence of slowing their work and adding to, rather than reducing, backlog of cases in NYC.

DEPARTMENT RESPONSE:

Requirement to render decisions in consistent format is necessary to address FERPA-compliant decisions and the confidentiality requirements of IDEA (20 U.S.C. § 1412 (a)(8) and 34 CFR § 300.610 et. seq.). In accordance with 34 CFR § 300.513(d)(2), SED is required to make IHO decisions available to the public. All IHOs must comply with FERPA and submit decisions that are written in a manner so as not to reveal any personally protected information regarding a student or must redact decisions before submission to SED.

Use of Video Conference to Receive Testimony and Conduct Hearings 7. COMMENT:

Many commenters generally support the use of video conferencing technology in impartial hearings. Videoconferencing could alleviate travel burden for families, lessen space constraints, and allow for scheduling of more meetings in a day. Critical that districts be required to use technology that is reliable, confidential, and secure. Mandate that video and audio from any testimony provided via video conference be recorded to ensure accuracy in the transcript. Recommended regulations require IHOs to take testimony by video conference when requested, rather than leaving it to discretion of individual IHOs. Support efforts to modernize impartial hearing process, but decision must belong to the parents rather than the IHO. IHO should be the decision maker as to whether a hearing proceeds via video, not the parent. Develop form that parent can use at the start of hearing process to indicate if requesting an in-person hearing or a hearing via video conference, with an explanation of the technology needed to participate in the video conference.

Use of hearings by teleconference was successful and expeditious in NYC during COVID-19 shut-downs. Revise regulations to allow for hearings to be conducted by telephone also.

DEPARTMENT RESPONSE:

CR § 200.5(j)(3)(v) requires all hearings, whether in person or by telephone or video, be transcribed, or at option of parents, recorded electronically verbatim; therefore, it is unnecessary to have an additional requirement for recording. Proposed rule only allows hearings to be conducted by video conference with consent of parties. SED agrees that the parent must consent to proceed by video or telephone. The type of video platform used is at the discretion of the district and IHO, as long as information is maintained in a confidential manner. Districts may choose to utilize a form asking parents if they are interested in a video or phone hearing that explains the necessary equipment and how confidentiality will be maintained.

SED agrees that hearings should be able to proceed by telephone as well as by video conference and is amending the proposed rule to add telephone hearings to § 200.5(j)(3)(xii).

8. COMMENT

Proposed regulations as drafted would allow IHO from another part of

NYS or jurisdiction to accept case on assumption that parties will agree to a videoconference only to learn that the parent does not have the technology needed or does not wish to participate via videoconference.

DEPARTMENT RESPONSE

It would be inappropriate for IHOs to accept cases on the premise that they will proceed via video or phone conference only. Additionally, it would be inappropriate for an IHO to recuse if a parent will not agree to conduct a hearing remotely. The proposed rule does not allow iHOs to presume that hearings will proceed by video or telephone. IHOs were reminded of proper reasons for recusal in November 2019. IHOs are subject to review when complaints are filed against them in accordance with CR § 200.21 and may be subject to suspension or revocation.

Compensation Policy

9. COMMENT:

One commenter submitted comments pertaining to the newly revised NYC IHO Compensation Policy

DEPARTMENT RESPONSÉ

Comments regarding NYC IHO Compensation policy is beyond scope of rule, therefore no response is necessary.

Revised Regulatory Impact Statement

1. Statutory Authority: Sections 280, 280-a and 280-b of the Real Property Law ("RPL") provide for the regulation of reverse mortgage loans.

2. Legislative Objectives: By enacting Sections 280 and 280-a, the Legislature created a reverse mortgage product in the State of New York to ensure that seniors could stay in their homes and utilize their equity to safeguard their financial stability. In doing so, the legislature recognized the potential for consumer abuses and entrusted the Superintendent with the authority to write regulations governing the origination and servicing of reverse mortgage loans in New York. The Department responded by promulgating the existing version of Part 79.

Now, by enacting a new RPL Section 280-b, the Legislature has determined that additional consumer protections are also needed for federal home equity conversion ("HECM") loans insured by the federal Department of Housing and Urban Development ("HUD"). Section 280-b (2) prohibits unfair or deceptive practices in the connection with the marketing of reverse mortgage loans. Section 280-b (3) provides that lenders must provide supplemental consumer protection materials to consumers in a form or manner specified by the Superintendent. Section 280-b (4)(b) provides for special notices and warnings concerning set aside accounts

Accordingly, the new version of Part 79 increases and clarifies disclosure requirements, requires counseling as a prerequisite to origination of a reverse mortgage, creates new advertising standards and incorporates a new financial fitness test as part of the underwriting process to evaluate the need for a set aside account.

The following is a summary of the major changes from the previous

(a) Enhanced Disclosures. The proposed regulation lays out specific notice language to be given to applicants warning of the potential risks of a reverse mortgage loan and the benefits of speaking with a housing counselor. Additional notice requirements would also include, among other things, a list of termination and acceleration events, information on the applicant's 3-day cooling off and recession period, a listing of all fees and costs associated with the reverse mortgage, and a schedule of estimated payments.

(b) Housing Counselor Checklist and Counselling Requirement. Housing counselling will become mandatory for applicants considering loans under RPL 280 or 280-a. For applicants considering HECM loans, this new requirement is consistent with HUD regulations governing counselling. The new provisions also require the delivery of a housing counselor checklist to all reverse mortgage applicants. Such checklist lays out the items to be discussed with a housing counselor prior to moving forward with the reverse mortgage. The checklist will ensure that applicants are fully informed of the potential risks and benefits of a reverse

(c) Creation of Advertising Restrictions. The current Part 79 does not include any restrictions or requirements for the advertising of reverse mortgage loans to potential consumers. The new version creates such restrictions and requirements. Specifically, certain disclosures are required if an advertisement references any material loan terms. Moreover, false or misleading statements in an advertisement are explicitly prohibited and samples of all advertisements are to be maintained for a period of three years from the date of last publication. Further, the new regulation no longer excludes reverse mortgage loans from the requirements of Part 38 of the General Regulations of the Superintendent. The advertising and

disclosure requirements of Part 38 will also become applicable to supplement the new requirements of Part 79.

(d) Financial Assessment Form/Set Aside Account. The proposed amendments remove the unconditional requirement for a set-aside account for the payment of property taxes and insurance and instead replace it with a requirement for a financial fitness assessment of each applicant to determine their need for a set-aside. Borrowers who do reverse mortgage loans pursuant to RPL 280 or 280-a will be evaluated based upon the new test in Part 79.5 (l) (4). Borrowers who do HECM loans will be evaluated under a substantially similar test required by HUD regulations. This new financial fitness test in Part 79 is intended to be substantially similar to the HUD test.

(e) Special Authorization by the Department to do Reverse Mortgage Loans. The new Part 79.3(a) provides that only licensed or exempt entities may make reverse mortgage loans. Section 79.3 9 (c) (1) sets forth an application procedure and the financial responsibility requirements that must be met by a licensee. Section 79.3 (c) (2) sets forth the application provision for exempt organizations and the information they must provide before the department will grant them authority to do reverse mortgage loans. Section 79.3 (d) provides for filing deadlines.

3. Needs and Benefits: Based on industry and consumer concerns, the Department has identified the need to increase consumer protections for seniors taking out a reverse mortgage loan. The new version of Part 79 increases and clarifies disclosure requirements, requires counseling as a prerequisite to origination of a reverse mortgage, creates advertising standards and incorporates a financial fitness test as part of the underwriting process. These changes are consistent with the goals of RPL sections 280, 280-a and 280-b. The new regulation should provide a systematic and consistent way to regulate both HECM and non-HECM reverse mortgage loans for the benefit of senior citizens.

4. Costs: Although reverse mortgage lenders may incur some additional costs as a result of this regulatory change, the vast majority of reverse mortgage lenders are large businesses with the experience, resources and systems to comply with these requirements. Any additional costs created by new notices and disclosures will not be significant.

These proposed amendments will not result in any negative fiscal implications to the State.

5. Local government mandates: The proposed amendments do not impose any new programs, services, duties, or responsibilities upon any county, city, town, village, school district, fire district or other special district.

6. Paperwork: Additional disclosures and notice requirements will slightly increase the paperwork burden on the industry. The burden of this increase is outweighed by the consumer benefits expected to be received by potential customers and borrowers.

7. Duplication: The proposed amendments do not duplicate, overlap, or

conflict with any other regulations.

8. Alternatives: The Department could choose not to amend the current regulation, however, without the proposed amendments the current regula-

tion is impractical and insufficient.

9. Federal Standards: Section 255 of the National Housing Act governs HECM loans administered and insured by HUD. Public Law 73-479, 48 Stat. 1246. The enabling legislation is codified at 12 USC section 1715z-20. HUD has issued regulations to implement the HECM program. 24 C.F.R. Part 206.

The existing version of Part 79 did not regulate HECM loans. Such loans were excluded from the scope of our regulations. Newly enacted RPL 280-b changes that. In preparing the new Part 79, the Department tried to devise standards that are consistent with the HUD regulation wherever possible. For example, our new financial fitness requirements were derived from HUD standards in 24 CF.R. 206.205. The Department also used the HUD definition of "Eligible Survivor Non-Mortgagor Spouse" and HUD's eligibility criteria for the protection of these nonborrowing spouses.

To the extent the Department deviated from HUD standards in minor respects, it did so to provide incrementally greater consumer protections.

The Federal Truth in Lending Act, 82 Stat. 146, codified at 15 U.S.C. §§ 1601-1667, also applies to multiple communications lenders have with applicants and customers. Regulation Z, promulgated pursuant to the Truth in Lending Act, provides more specific rules concerning these communications. 12 C.F.R. § 1026.

10. Compliance Schedule: On March 5, 2020, the Department repealed and replaced Part 79 through the adoption of an emergency rulemaking, which was re-promulgated on June 3. The Department had also proposed the same rulemaking on March 5, 2020, which the Department now adopts with non-substantive changes.

The Department had promulgated this regulation on an emergency basis to ensure that Part 79 reflected changes made by RPL 280-b as of the effective date of the new statute. The immediate effectiveness of the emergency regulation caused some hardship for reverse mortgage lenders. The coronavirus crisis also made it far more difficult for the industry to engage in normal business activities or make necessary adjustments to comply with the emergency regulation.

Accordingly, in this final adoption the Department has included the following transitional provision in Section 79.14: "Notwithstanding any other applicable federal or state law or rule, for one hundred and twenty (120) days including and following the March 5, 2020 effective date of this Part, mortgagees either originating or servicing RPL section 280-b loans shall not be in violation of this Part if they comply with the Part 79 that was in effect prior to March 5, 2020.

The Department believes that the regulation in its final adopted form will not impose a greater burden upon HECM providers and should, in fact, decrease any burden and reduce the providers' uncertainties. Accordingly, the Department did not provide for a longer transition on a forwardlooking basis.

Revised Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

A revised Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement are not required for the adoption of Part 79 because the non-substantive revisions to the regulation do not require a change to the previously published Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2023, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The New York State Department of Financial Services (the "Department") received 2 comments on proposed new version of 3 NYCRR 79 ("Part 79") from entities representing both consumers and reverse mortgage lenders. The comments acknowledge the need to update the rules, particularly in light of the new Real Property Law section 280-b "RPL 280-b") which provide federal home equity conversion mortgage ("HECM") borrowers with additional consumer protections. This Assessment provides an overview of the revisions and clarifications the Department has made in response to comments, and, where applicable, the reasons for not making additional revisions or clarifications. In many instances, the Department did not make recommended revisions because it found them either unnecessary or inconsistent with the goals of the regulation

DFS Authorizations for Reverse Mortgage Lenders

One industry commenter principally concerned with HECM loans complained that the Department had not yet posted application forms and clarifying information concerning the authorization process set forth in Part 79.3. Since receipt of that comment, the Department has prepared application materials and made them available to all who inquire and via the NMLS system.

A similar comment was made requesting clarification of the irrevocable standby letter of credit requirement in Part 79.3(c)(i). The Department has clarified such requirements as follows: First, this requirement only applies to loans done under RPL 280 or 280-a. Providers of these proprietary non-HECM loans can also request exemption from this requirement if they have a history of strong credit ratings or plan to fully disburse all proceeds at the loan closing. Second, the Department clarified that the 12-month period upon which the amount of the letter of credit is dependent, is a rolling 12-month period. Lastly, the Department clarified that the strong credit rating exemption does not apply for any period where the lender does not maintain the required strong rating for three consecutive years.

This same commenter asked the Department to set a minimum capital amount of \$10,000,000 in Part 79.3(c)(1), because this dollar amount was used in the prior version of the regulation. The Department declines to do so. The Department believes an annual adjustment of this amount is necessary and plans to post periodic notices on its website providing this minimum capital amount.

Lenders' Fees and Costs

The industry commenter requested the inclusion of additional fees in Part 79.8(c), governing fees after the closing of a loan. Upon further reflection, the Department has decided to remove this section entirely and as it was redundant of the rules already in effect under Part 419, which the Department notes is generally applicable to reverse mortgage loans.

Property Maintenance Requirements

The industry commenter considered Part 97.6 highly problematic because it introduced the term "structural integrity" into the mortgagor's obligation to maintain the property in good condition. The commenter observed that the Department's intent was unclear, and this new requirement was inconsistent with the Federal Housing Administration's Minimum Property Requirements and Minimum Property Standards. They requested Part 79.6 be eliminated in its entirety. The Department has responded by re-writing Part 79.6 to eliminate the term "structural integrity." Now, the mortgagor must maintain the property in a "reasonably similar condition, state and repair as the property is in at the time of closing."

The Department also revised the provisions concerning when a lender can perform this maintenance itself, how the lender can recover the cost of such repairs, and the dispute resolution process.

Relationship to Other DFS Mortgage Regulations

The industry commenter asked the Department to restore certain exceptions found in the old version of Part 79. In particular, the commenter requested that Parts 38, 39, 80 and 82 not apply to HECMs. With respect to Parts 80 and 82, the Department included language exempting RPL 280-b loans from such parts to the extent that compliance would conflict with the HECM reverse mortgage loan program. On the other hand, the Department feels Parts 38 and 39 should apply to all reverse mortgages. This change was intentional and not inconsistent with HUD regulations.

Changes to Key Definitions

Both commenters criticized the use of the term "termination" in Part 79.7. The Department recognizes that this term is confusing. The Department used this term because it appears in the RPL. The Department resolved this problem by adding a definition to Part 79.2. The term "termination" shall mean acceleration of a reverse mortgage loan as a result of the mortgagor's default. Acceleration is the common term of art.

The consumer advocate also pointed out that the term "Eligible Surviving Non-Mortgagor Spouse" is not consistent with the most recent guidance issued by HUD. HUD Mortgagee Letter 2019-15 (September 2019). This is relevant because a non-borrowing spouse has 180 days to make an election to retain the property subject to a reverse mortgage. The Department rewrote its definition to conform to the HUD letter. The Department never intended to provide narrower rights to these non-borrowing spouses.

Other changes in definitions are discussed when evaluating specific topics in the Assessment.

Advertising Standards and Prohibited Conduct

One commenter principally concerned with consumer protection requested that restrictions on advertising not be limited to print or electronic media. They asserted that a limitation of this type is not consistent with the defined term "advertisement" in Part 79.2. The Department has responded by striking the qualifying phrase "placed in print or electronic media" in Part 79.4 (a). The qualifying phrase is not necessary to the meaning of Part 79.4 (a), and the deletion removes an unintended ambiguity. The definition of "advertising" was also changed in Part 79.2 to remove an illustrative list of items.

The same commenter also argued that advertising restrictions should be based on a different legal standard. The regulation should prohibit "unfair and deceptive practices," as opposed to "false and misleading statements." The Department is not convinced that a meaningful distinction exists between these two phrases. One phrase refers to standardized marketing media, while the other refers to a set of behaviors and actions by people. Nonetheless, the Department moved Part 79.4(d) to Part 79.11 on prohibited conduct. Part 79.11 lists a broad range of unfair practices in marketing loans. False and misleading advertising does count as an unfair and prohibited practice. Other coercive behaviors or actions enumerated in Part 79.11 can be prohibited even if they are not upon factual misrepresentations in standardized marketing communications.

Conversely, another commenter was particularly concerned that Part 79.4(d)(1), now relocated to Part 79.11, prohibited statements that a HECM loan is "endorsed by the Federal Housing Administration or Housing and Urban Development." Please note that on April 3, 2020 the Legislature made a technical amendment to RPL 280-b that clarified the advertising standards for HECM loans. Chapter 55, Subpart Z, of the Laws of 2020. Like Part 79, this legislative amendment makes clear that only false and misleading claims about reverse mortgage loans are prohibited. Accurate claims about HECMs are not prohibited.

Finally, the industry commenter also claimed that Part 79.4 is inconsistent with the standards set forth in Regulation Z, 12 C.F.R 1026.24, promulgated pursuant to the federal Truth in Lending Act. In response, the Department did correct one discrepancy on its proposal. The term "payments" has been changed to "repayments" in Part 79. 4(c)(2)(ii), since this subsection requires a disclosure of the borrower's obligations to make payments during the full term of the loan. This sub-section did not reference a lender's obligations.

Consumer Disclosures and Notices

One commenter suggested that obligatory notices to seniors in Part 79.9 should not be printed in all capital letters, since that format makes it harder for seniors to read. The Department accepted that change.

This commenter also wanted all required notices to be translated into the top 6 languages spoken in New York State, as is done with notices under Real Property Actions and Proceedings Law section 1304. The Department did not accept this proposal. The requirements of federal Regulation Z, 12 C.F. R. 1026.24 (i)(7) are sufficient. Lenders cannot selectively communicate with customers in a foreign language and then revert to English language documentation for provisions they don't wish to emphasize. If a lender provides marketing materials and other notices in a foreign language, then it should also provide required notices in that same foreign language.

Counselling Requirements

One commenter requested clarification on the formal requirements for a counselling affidavit or certificate. They asked that DFS conform Part 79.5 and Part 79.9 to HUD standards. Conversely, the other requestor wanted the DFS to write specific language for that counselling affidavit.

The Department did not intend to deviate from HUD standards by adding additional formalities to the documentation. Thus, "counselling affidavit" has been changed to "counselling acknowledgement." A HUD Certificate of HECM Counselling, or a reasonable equivalent for non-HECM loans, is sufficient to meet this requirement. The acknowledgement need not be notarized.

One commenter requested that these counselling acknowledgements in Part 79.5(e) have an expiration term. Accordingly, the Department added a 6-month expiration for acknowledgements. We are confident that almost all reverse mortgages can proceed from counselling to commitment within 6 months. If a particular application languishes for a longer period, the prospective borrower should speak with a counsellor again.

The same commenter wanted to add an additional cooling off period between the commitment offering and commitment signing. The Department rejected that idea. A right of rescission already exists during this period, and a second cooling off period is not necessary.

Transition

The commenter mainly concerned with HECM loans asked for a 120-day transition period, starting on March 5, 2020, to come into compliance with the new version of Part 79 adopted on an emergency basis. The Department has granted this request. The Department promulgated this regulation on an emergency basis mainly to be sure Part 79 reflected changes made by RPL 280-b as of the effective date of the new statute. We understand that the immediate effectiveness of an emergency regulation can cause surprise and some hardship for the industry. The coronavirus crisis also made it far more difficult for the industry to engage in normal

business activities or make necessary adjustments to comply with the emergency regulation.

Please note that the final version of the new Part 79 will be adopted after this transition period is over. The Department is confident that the final version of Part 79 will not burden HECM providers more than the earlier emergency adoptions did. In important respects, it should decrease their burden and reduce their uncertainties. Accordingly, the Department did not provide for a longer transition than the one requested.

Finally, in response to comments for clarity, the new version of Part 79 is only applicable to reverse mortgage loan activity by a lender, broker or servicer after March 5, 2020. While the industry commenter asked the Department to write this explicitly into the regulation, the Department determined that this Assessment of Public Comment suffices to address any ambiguity.

EMERGENCY RULE MAKING

Enforcement of Social Distancing Measures

I.D. No. HLT-30-20-00001-E

Filing No. 424

Filing Date: 2020-07-09 **Effective Date:** 2020-07-09

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 66 of Title 10 NYCRR. Statutory authority: Public Health Law, sections 201 and 206

Finding of necessity for emergency rule: Preservation of public health,

public safety and general welfare.

Specific reasons underlying the finding of necessity: Where compliance with routine administrative procedures would be contrary to public interest, the State Administrative Procedure Act (SAPA) § 202(6) empowers state agencies to adopt emergency regulations necessary for the preservation of public health, safety, or general welfare. In this case, compliance with SAPA for filing of this regulation on a non-emergency basis, including the requirement for a period of time for public comment, cannot be met because to do so would be detrimental to the health and safety of the general public.

The 2019 Coronavirus (COVID-19) is a disease that causes mild to severe respiratory symptoms, including fever, cough, and difficulty breathing. People infected with COVID-19 have had symptoms ranging from those that are mild (like a common cold) to severe pneumonia that requires medical care in a hospital and can be fatal. According to Johns Hopkins' Coronavirus Resource Center, to date, there have been over 8 million cases and 437,604 deaths worldwide, with a disproportionate risk of severe illness for older adults and/or those who have serious underlying medical health conditions.

COVID-19 was found to be the cause of an outbreak of illness in Wuhan, Hubei Province, China in December 2019. Since then, the situation has rapidly evolved throughout the world, with many countries, including the United States, quickly progressing from the identification of travel-associated cases to person-to-person transmission among close contacts of travel-associated cases, and finally to widespread community transmission of COVID-19.

On January 30, 2020, the World Health Organization (WHO) designated the COVID-19 outbreak as a Public Health Emergency of International Concern. On a national level, the Secretary of Health and Human Services determined on January 31, 2020 that as a result of confirmed cases of COVID-19 in the United States, a public health emergency existed and had existed since January 27, 2020, nationwide. Subsequently, on March 13, 2020, President Donald J. Trump declared a national emergency in response to COVID-19, pursuant to Section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

New York State first identified cases on March 1, 2020 and has since become the national epicenter of the outbreak. On March 7, 2020, with widespread transmission rapidly increasing within certain areas of the state, Governor Andrew M. Cuomo issued an Executive Order declaring a state disaster emergency to aid in addressing the threat COVID-19 poses to the health and welfare of New York State residents and visitors. With 384,575 confirmed cases and 24,608 deaths, as of June 16, 2020, New York State is currently the most impacted state in the nation.

As part of ongoing efforts to address this pandemic, Governor Cuomo has issued (and continues to issue) Executive Orders to implement measures aimed at limiting the spread and/or mitigating the impact of COVID-19 within the State. Specifically, on March 22, 2020, Governor Cuomo announced the implementation of "New York State on Pause," a 10-point policy to ensure the uniform public health and safety of New Yorkers. As part of implementing this policy, numerous Executive Orders were issued to, among other things, require the reduction of the in-person workforce of non-essential work locations by 100% and order the cancellation/postponement of non-essential gatherings of any size for any reason, which have both subsequently been modified by more recent Executive Orders, consistent with phased regional reopening criteria. Additionally, Executive Orders have continued to be issued to extend restrictions related to closures of indoor common portions of retail shopping malls with an excess of 100,000 square feet of retail space. Executive Orders and corresponding Department guidance have also been issued to require adherence to certain measures by restaurants (i.e., outdoor seating in Phase 2 regions) to account for the phased regional reopening of the

Although New York State has shifted to a regional reopening, resulting in a phased relaxation of these prohibitions/requirements, "New York on PAUSE" still applies unless otherwise explicitly modified by Executive Order. Further, given the emergent nature of the COVID-19 outbreak, these emergency regulations are necessary to implement social distancing measures to continue to control the spread of communicable disease, in situations in which the Governor has declared a state disaster emergency.

Subject: Enforcement of Social Distancing Measures.

Purpose: To control and promote the control of communicable diseases to reduce their spread.

Text of emergency rule: The title of Part 66 is amended as follows:

Immunizations and Communicable Diseases

A new Subpart 66-3, titled COVID-19 Emergency Regulations, is added to read as follow:

66-3.1 Duration and Applicability

The provision of this Subpart shall apply for the duration of any state disaster emergency declared pursuance to sections 28 and 29-a of the Executive Law related to the outbreak of COVID-19 in New York State. To the extent any provision of this Subpart becomes inconsistent with any Executive Order, the remainder of the provisions in this Subpart shall remain in effect and shall be interpreted to the maximum extent possible as consistent with such Executive Orders.

66-3.2 Face-Coverings

(a) Any person who is over age two and able to medically tolerate a face-covering shall be required to cover their nose and mouth with a mask or face-covering when in a public place and unable to maintain, or when not maintaining, social distance.

(c) Any employee who is present in the workplace shall be provided and shall wear a mask or face-covering when in direct contact with customers or members of the public, or when unable to maintain social distance. Businesses must provide, at their expense, such face coverings for their

employees.

(d) Business operators and building owners, and those authorized on their behalf shall deny admittance to any person who fails to comply with this section and shall require or compel such persons' removal. Provided, however, that this regulation shall be applied in a manner consistent with the federal American with Disabilities Act, New York State or New York City Human Rights Law, and any other applicable provision of law.

(e) For purposes of this section:

(i) Face-coverings shall include, but are not limited to, cloth masks (e.g. homemade sewn, quick cut, bandana), surgical masks, N-95 respirators, and face shields.

(ii) A person shall be considered as maintaining social distancing when keeping at least six feet distance between themselves and any other persons, other than members of such persons' household.

66-3.3 Non-essential gatherings

(a) There shall be no non-essential gatherings of greater than ten individuals for any reason at any location in the state, including but not limited to parties, celebrations or other social events. This restriction may be modified by any Executive Order issued pursuant to Executive Law Section 28 and 29-A implementing the phased re-opening of New York businesses and the relaxation of social distancing rules by region.

(b) No person, business, or other entity, shall encourage or promote

any non-essential gathering on any public property including, but not limited to, streets, sidewalks, parking lots, parks, playgrounds, or beaches, that would violate subdivision (a) of this section.

Except as may otherwise be permitted by any Executive Order issued pursuant to Executive Law Section 28 and 29-A implementing the phased re-opening of New York businesses and the relaxation of social distancing rules by region, each employer shall reduce the in-person workforce at any work locations by 100%, provided that any essential business or entity providing essential services or functions shall not be subject to such in-person restrictions. An entity providing essential business or a non-essential business shall not be subjected to the in-person work restriction, but may operate at the level necessary to provide such service or function.

(b) Any business not otherwise described herein may be deemed essential after requesting an opinion from the Empire State Development Corporation, which shall review and grant such request, should it determine that it is in the best interest of the state to have the workforce continue at full capacity in order to properly respond to this disaster.

(c) Essential businesses include, but are not limited to, the following: essential health care operations including but not limited to any entity or individual licensed, certified, registered or otherwise approved pursuant to Articles 5, 28, 30, 35, 36 or 40 of the Public Health Law, or Articles 131, 131-B, 131-C, 137, 139, 140, 153, 154, 163, 164 or 165 of the Education Law, and any other research or laboratory services; essential infrastructure including utilities, telecommunication, airports and transportation infrastructure, and hotels and places of accommodation; essential manufacturing, including food processing and pharmaceuticals; essential retail including grocery stores and pharmacies; essential services including trash collection, mail, and shipping services; news media; banks and related financial institutions; providers of basic necessities to economically disadvantaged populations; construction; vendors of essential services necessary to maintain the safety, sanitation and essential operations of residences or other essential businesses; vendors that provide essential services or products, including logistics and technology support, child care and services needed to ensure the continuing operation of government agencies and provide for the health, safety and welfare of the public.

(d) Except as may otherwise be permitted by any Executive Order issued pursuant to Executive Law Section 28 and 29-A implementing the phased re-opening of New York businesses and the relaxation of social distancing rules by region, all restaurants and bars shall cease serving patrons food or beverages on premises, and shall only serve food or beverages for off-premises consumption which may include take-out or delivery services.

(e) Except as may otherwise be permitted by any Executive Order issued pursuant to Executive Law Section 28 and 29-A implementing the phased re-opening of New York businesses and the relaxation of social distancing rules by region, all indoor common portions of retail shopping malls with in excess of 100,000 square feet of retail space available for lease shall remain closed. Any stores located within such shopping malls, which have their own external entrances open to the public, separate from the general mall entrance, and which are essential businesses may remain open, provided that any restaurant shall limit itself to take out or delivery food services, and that any interior entrances to common areas of the mall remain closed and locked.

66-3.5 Penalties

A violation of any provision of this Subpart is subject to all civil and criminal penalties as provided for by law. Individuals who violate this Subpart are subject to a maximum fine of \$1,000 for each violation. For purposes of civil penalties, each day that there is a non-essential gathering or that a business operates in a manner inconsistent with the Subpart shall constitute a separate violation under this Subpart.

This notice is intended to serve only as an emergency adoption, to be valid for 90 days or less. This rule expires October 6, 2020.

Regulatory Impact StatementStatutory Authority:

The statutory authority for adding a new Subpart 66-3 is sections 201 and 206 of the Public Health Law.

Legislative Objectives:

The legislative objective of PHL § 201 includes authorizing the New York State Department of Health ("Department") to control and promote the control of communicable diseases to reduce their spread. Likewise, the legislative objective of PHL § 206 includes authorizing the Commissioner of Health to take cognizance of the interests of health and life of the people of the state, and of all matters pertaining thereto and exercise the functions, powers and duties of the department prescribed by law, including control of communicable diseases.

In light of this situation, these regulations are necessary to further implement social distancing measures to control the spread of communicable disease, in situations in which the Governor has declared a state disaster emergency.

Costs:

Costs to Regulated Parties:

The purpose of this regulation is to codify certain provisions regarding social distancing that have been issued by Governor Andrew M. Cuomo through several Executive Orders. Accordingly, this regulation imposes no additional costs to regulated parties.

Costs to Local and State Governments:

State and local government are authorized to enforce civil and criminal penalties related to the violation of these regulations, and there may be some cost of enforcement. Notably, pursuant to section 12-b of the PHL, any person who willfully violates these regulations may be subject to criminal penalties including imprisonment not exceeding one year, or a fine not exceeding \$10,000, or by both. However, pursuant to Executive Order 202.14, the criminal penalty for the willful violation of these regulations is currently limited to \$1,000.

Alternatives:

The alternative would be to not codify provisions of Executive Orders into the Department's regulations. However, this alternative was rejected, as the Department believes that codification will facilitate increased awareness and enforcement.

Federal Standards:

States and local governments have primary authority for controlling disease within their respective jurisdictions. Accordingly, there are no federal statutes or regulations that apply to disease control within NYS.

Compliance Schedule:

The regulations will become effective upon filing with the Department of State.

Regulatory Flexibility Analysis

Effect on Small Business and Local Government:

As part of ongoing efforts to address the COVID-19 pandemic, Governor Cuomo has issued Executive Orders to implement measures aimed at limiting the spread and/or mitigating the impact of COVID-19 within the state, that have a significant impact on small business and local government. Specifically, on March 22, 2020, Governor Cuomo announced the implementation of "New York State on Pause," a 10-point policy to ensure the uniform public health and safety of New Yorkers. As part of implementing this policy, numerous Executive Orders were issued to, among other things, require the reduction of the in-person workforce of non-essential work locations by 100% and order the cancellation/ postponement of non-essential gatherings of any size for any reason, which have both subsequently been modified by more recent Executive Orders, consistent with phased regional reopening criteria. Executive Orders and corresponding Department guidance have also been issued to require adherence to certain measures by restaurants (i.e., outdoor seating in Phase 2 regions) to account for the phased regional reopening of the State. Although New York State has shifted to a regional reopening, resulting in a phased relaxation of these prohibitions/requirements, "New York on PAUSE" still applies unless otherwise explicitly modified by Executive Order.

As the purpose of these regulations is to codify existing obligations imposed pursuant to the above referenced Executive Orders, the effect of this regulation is expected to be minimal.

Compliance Requirements:

These regulations codify existing obligations imposed pursuant to the above referenced Executive Orders and are intended to enforce these social distancing measures to control the spread of communicable disease. To comply with these regulations, small businesses that are non-essential must reduce their in-person work force by 100%, unless subject to reopening of relaxation of social distancing requirements pursuant Executive Orders establishing phased regional reopening criteria and requirements.

Professional Services:

It is not expected that any professional services will be needed to comply with this rule.

Compliance Costs:

The purpose of this regulation is to codify certain provisions regarding social distancing that have been issued by Governor Andrew M. Cuomo through several Executive Orders. Accordingly, this regulation imposes no additional costs to regulated parties.

Economic and Technological Feasibility:

There are no economic or technological impediments to the rule changes.

Minimizing Adverse Impact:

As the proposed regulations codify existing provisions regarding social distancing that have been issued by Governor Andrew M. Cuomo through several Executive Orders, any adverse impacts are expected to be minimal.

Small Business and Local Government Participation:

Due to the emergent nature of COVID-19, small business and local governments were not consulted.

Rural Area Flexibility Analysis

Types and Estimated Numbers of Rural Areas:

While this rule applies uniformly throughout the state, including rural areas, for the purposes of this Rural Area Flexibility Analysis (RAFA), "rural area" means areas of the state defined by Exec. Law § 481(7) (SAPA § 102(10)). Per Exec. Law § 481(7), rural areas are defined as "counties within the state having less than two hundred thousand population, and the municipalities, individuals, institutions, communities, and programs and such other entities or resources found therein. In counties of two hundred thousand or greater population 'rural areas' means towns with population densities of one hundred fifty persons or less per square mile, and the villages, individuals, institutions, communities, programs and such other entities or resources as are found therein."

The following 43 counties have a population of less than 200,000 based upon the United States Census estimated county populations for 2010:

| Broome County | Niagara County | Saratoga County |
| Dutchess County | Oneida County | Suffolk County |

Reporting, recordkeeping, and other compliance requirements; and professional services:

These regulations codify existing obligations imposed pursuant to several Executive Orders and are intended to enforce these social distancing measures to control the spread of communicable disease. Although New York State has shifted to a regional reopening, resulting in a phased relaxation of these prohibitions/requirements, "New York on PAUSE" still applies unless otherwise explicitly modified by Executive Order. The Executive Order provisions referenced above have applied and continue to be applied equally to rural areas of the state.

through several Executive Orders. Accordingly, this regulation imposes no additional costs to regulated parties.

Economic and Technological Feasibility:

This regulatory impact statement, regulatory flexibility analysis, rural area flexibility analysis and/or job impact statement pertain(s) to a notice of Emergency rule making, I.D. No. HLT-29-20-00003-E, printed in the State Register on July 22, 2020.

Regulatory Impact Statement

Statutory Authority:

The statutory authority for the regulatory amendment to Subpart 9-4 of Title 10 of the Official Compilation of Codes, Rules, and Regulations of the State of New York is section 225 of the Public Health Law (PHL), which authorizes the Public Health and Health Planning Council (PHHPC), subject to the approval of the Commissioner of Health (Commissioner), to establish and amend the State Sanitary Code (SSC) provisions related to any matters affecting the security of life or health or the preservation and improvement of public health in the State of New York.

Legislative Objectives:

The legislative objective of PHL section 225 is to regulate all matters affecting the security of life or health or the preservation and improvement of public health in the State of New York. Prohibiting unpermitted use of fireworks in consistent with that authority.

Needs and Benefits:

On July 3, 2020, Governor Andrew M. Cuomo issued Executive Order No. 202.47, which directed and authorized the Department of Health to issue emergency regulations prohibiting the use of fireworks, consistent with Section 270.00 of the Penal Law. In 2019, there were reports of 12 non-occupational, fireworks-related deaths in the United States, as well as an estimated 10,000 injuries treated in U.S. hospital emergency departments. Children younger than 15 years of age accounted for 36 percent of the estimated fireworks-related injuries. Similar to 2018, nearly half of the estimated emergency department-treated, fireworks-related injuries were to individuals younger than 20 years of age. Children 0 to 4 years of age had the highest estimated rate of emergency department-treated, fireworks-related injuries.

Hospitals are on the front lines of the efforts to treat and care for people suffering from COVID-19, and it is important that New York State not lose the gains it has made in reducing daily case counts through diligent social distancing. As we continue our efforts to minimize COVID-19 case counts and "flatten the curve," it is imperative that people stay safe and refrain from illegal firework use, both to protect themselves and others from fireworks-related injuries, and to minimize the impact on hospital emergency departments.

In addition, there has been evidence of incidents of increased use of fireworks and dangerous fireworks, including in dense areas, which are especially unsafe conditions in which to use them. Use of fireworks and dangerous fireworks presents a danger to public health especially when used in close proximity to people and structures, and the increased prevalence of these reports justifies the need for this emergency regulation to deter such use and protect the public health.

Costs:

Costs to Regulated Parties:

Per Executive Order No. 202.47, Governor Andrew M. Cuomo directed and authorized the Department of Health to issue emergency regulations prohibiting the use of fireworks, consistent with section 270.00 of the Penal Law. Although there has been a long-standing prohibition against fireworks in the Penal Law (subject to certain exceptions), the prohibition of their use and the establishment of a penalty through the PHL would permit violations to be subject to additional civil and criminal penalties provided for by law, including but not limited to criminal penalties under PHL section 12-b. For the purposes of civil penalties, these regulations impose a maximum fine of \$500 for the first violation (i.e., use of fireworks), \$1,000 for the second violation, and \$2,000 for each additional violation

Costs to Local and State Governments:

Per Executive Order No. 202.47, Governor Andrew M. Cuomo directed and authorized the Department of Health to issue emergency regulations prohibiting the use of fireworks, consistent with section 270.00 of the Penal Law. Accordingly, under this regulation, local boards of health have authority to assess civil penalties for the use of fireworks. However, it is not anticipated that this regulation will impose any significant costs to state or local governments, as there has been a longstanding prohition of fireworks within the Penal Law, and this regulation provides an additional enforcement mechanism for local governments.

Paperwork:

This regulation imposes no additional paperwork.

Local Government Mandates:

There are no specific mandates on local governments.

Duplication:

Per Executive Order No. 202.47, Governor Andrew M. Cuomo directed and authorized the Department of Health to issue emergency regulations prohibiting the use of fireworks, consistent with section 270.00 of the Penal Law. Although this regulation prohibits the use of fireworks in accordance with section 270.00 of the Penal Law, it also establishes a penalty for their use through PHL. Accordingly, there is no duplication of State law.

Alternatives:

The alternative would be to not promulgate the regulation. However, this alternative was rejected, as the Department of Health believes that this regulation will facilitate increased awareness and enforcement, and the regulation is consistent with Executive Order 202.47.

Federal Standards:

Federal regulations govern certain aspects of firework importation, distribution, storage, and use, as well as the types of fireworks that are legal. However, this regulation does not duplicate those standards and is consistent with the states' authority to place additional regulations on the use of fireworks.

Compliance Schedule:

The regulation became effective upon filing with the Department of State.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not being submitted with this regulation, as this regulation will not impose any adverse economic impact or reporting, recordkeeping, or other compliance requirements on small businesses or local governments. Unpermitted use of fireworks is are already illegal under section 270.00 of the Penal Law, this regulation provides penalties for their use through the Public Health Law. Further, this regulation does not distinguish between different types and sizes of regulated parties located in different geographical areas.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not being submitted with this regulation because it will not impose any adverse impact on any rural areas. This regulation has been promulgated in response to the directive contained in Executive Order No. 202.47, and will have uniform statewide application.

Job Impact Statement

The Department of Health has determined that this regulatory change will not have a substantial adverse impact on jobs and employment, based upon its nature and purpose.

Petition to Submeter Electricity and Request for Waiver of 16 NYCRR § 96.5(k)(3)

I.D. No. PSC-30-20-00006-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the petition of 52-41 Center LLC to submeter electricity at 52-41 Center Boulevard, Long Island City, New York and request for waiver of 16 NYCRR § 96.5(k)(3).

Statutory authority: Public Service Law, sections 2, 4(1), 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Petition to submeter electricity and request for waiver of 16 NYCRR § 96.5(k)(3).

Purpose: To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

Substance of proposed rule: The Commission is considering the petition, filed by 52-41 Center LLC Site on May 14, 2020, to submeter electricity at 52-41 Center Boulevard, Long Island City, New York, located in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison).

In the petition, 52-41 Center LLC requests authorization to take electric service from Con Edison and then distribute and meter that electricity to its tenants. Submetering of electricity to residential tenants is allowed so long as it complies with the protections and requirements of the Commission's regulations in 16 NYCRR Part 96. The Commission is also considering the Owner's request for waiver of 16 NYCRR § 96.5(k)(3), which requires proof that an energy audit has been conducted when 20 percent or more of the residents receive income-based housing assistance. The owner states that because the building is new construction, it must comply with the current New York State Energy Conservation Construction Code, which provides strict energy conservation requirements for new and renovated buildings, including the design and construction of energy-efficient building envelopes, mechanical, lighting and power systems and therefore, an energy audit is not appropriate in this case.

The full text of the petition and waiver request and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

PUBLIC NOTICE

Department of State Program Change

STATEWIDE — Pursuant to 15 CFR 923, the New York State Department of State (DOS) hereby gives notice that the National Oceanic and Atmospheric Administration's Office for Coastal Management (OCM) concurred on July 1, 2020 on the incorporation of the City of Buffalo Local Waterfront Revitalization Program (LWRP) into New York State's Coastal Management Program as a Program Change. As of July 1, 2020, the enforceable policies identified in the Table of Approved Changes below shall be applicable in reviewing federal actions pursuant to the federal consistency requirements of the Coastal Zone Management Act (CZMA) and its implementing regulations found at 15 CFR part 930. DOS requested OCM's concurrence on this action on June 2, 2020, in a previous notice in the New York State Register, which further described the content of the action.

The City of Buffalo LWRP was prepared in partnership with DOS and in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The LWRP is a long-term management program for the City's waterfront resources along Lake Erie, the Niagara River, Scajaquada Creek, Hoyt Lake, the Buffalo River, Cazenovia Creek, and South Park Lake, and is based on the policies of the New York State Coastal Management Program. The City of Buffalo LWRP includes a comprehensive description of the existing and proposed land uses in the waterfront revitalization area, incorporates harbor management elements, contains enforceable polices to be used for CZMA consistency review purposes, and identifies the next generation of waterfront revitalization projects.

Pursuant to the New York State Coastal Management Program and Article 42 of the New York State Executive Law, the City of Buffalo LWRP was adopted by resolution by the Buffalo Common Council on July 24, 2018 and approved by the New York State Secretary of State on April 5, 2019.

OCM's concurrence includes the following list of changes and qualifications:

Table of Approved Changes

| Legal citation | Title of policy, section, or other descriptor | Is the change new, revised, or deleted | Date effective in state | En- force- able policy | En- force- able mecha- nism citation |
|------------------------|---|--|-------------------------|---------------------------------|---|
| Not ap- plicable | City of Buffalo Local Wa- terfront Revitaliza- tion Program (LWRP) | New | 04/05/ 2019 | Yes (Section II only) | Executive Law, Article 42 |

Oualifications

As with previous approval of NY CMP LWRPs, the enforceable provisions of Section II are only the stated policies and sub-policies. The enforceable policies do not include the explanatory text that accompanies each policy. While the explanatory text may be advisory as to how activities can show consistency with the LWRP policies, the State may not use the explanatory text as a basis for issuing an objection under its CZMA authority. Please also note that for the review of

federal actions pursuant to the CZMA, the requirements of the statute and implementing regulations at 15 CFR part 930 are controlling over any conflicting interpretation of the discussion of the CZMA federal consistency requirements within the City of Buffalo LWRP.

As a standard qualification applying to all program changes, states may not incorporate enforceable policies by reference. If an approved enforceable policy refers to another statute, regulation, policy, standard, guidance, or other such requirement or document, the referenced policy must be submitted to and approved by the Office for Coastal Management as an enforceable policy in order to be applied under the federal consistency review provisions of the CZMA. No referenced policy may be applied for CZMA federal consistency review purposes unless that policy has been separately reviewed and approved as an enforceable policy by the Office for Coastal Management.

The City of Buffalo Local Waterfront Revitalization Program is available at: http://www.dos.ny.gov/opd/programs/WFRevitalization/LWRP_status.html, the website of the New York State Department of State. If you have any questions, please contact Barbara Kendall, DOS Office of Planning, Development & Community Infrastructure, at Barbara.Kendall@dos.ny.gov.

Pursuant to the authority vested in me, and upon consultation with and approval by the Administrative Board of the Courts, I hereby amend, effective July 13, 2020, section 208.4-a of the Uniform Rules for the New York State Trial Courts (22 NYCRR § 208.4-a), relating to the electronic filing of actions in the New York City Civil Court, to read as follows:

 - (b) [Definitions. For the purpose of these rules:
- (1)"Electronic means" shall mean any method of transmission of information between computers or other machines, other than facsimile machines, designed for the purpose of sending and receiving such transmissions and which allows the recipient to receive and to reproduce the information transmitted in a tangible medium of expression.
- (2) "Electronic filing address" shall mean the server accessed via the internet protocol address, and any successor thereto, established by the Unified Court System for receipt by the Civil Court of electronic filings as provided in this section.
 - (3) "Hard copy" shall mean information set forth in paper form.
- (4) "Electronic filing" shall mean the filing by electronic means through the electronic filing address.
 - (5) The "date of receipt" of a document by the electronic filing

address shall mean the date on which electronic transmission of such document is recorded at such address.

- (c)] Electronic filing in actions in the Civil Court.
- (l) [A party may commence an action specified in subdivision (a) of this section by the electronic filing of such documents as are required to be filed by the CPLR or the Civil Court Act in actions in the Civil Court.
- (2) (i) Documents may be transmitted at any time to the electronic filing address.
- (ii) Documents that are electronically filed to commence an action in compliance with this section will be deemed filed with the clerk of the Civil Court in the county in which the action is brought for the purposes of section 400 of the Civil Court Act upon the date of receipt of those documents by the electronic filing address, provided, however, no document will be deemed filed unless an index number for the action is endorsed thereon.
- (iii) No later than two business days following the date of receipt of documents by the electronic filing address, the clerk of the Civil Court shall make available by electronic means a confirmation of electronic filing. This confirmation will constitute the clerk's return of the copy to the party for the purposes of section 400(1) of the Civil Court Act.
- (3) When a document has been filed electronically the official record of that document shall be its electronic recording.] Except as otherwise provided in this section, 22 NYCRR section 202.5-b, and section 202.5-bb where applicable, shall apply to all actions in which electronic filing is authorized in the Civil Court. References in sections 202.5-b and 202.5-bb to the Chief Clerk of the Supreme Court, or the clerk of a court shall be deemed to mean, where relevant, the Chief Clerk of the Civil Court and references in such section to the CPLR shall be deemed to include, where relevant, the New York City Civil Court Act and Real Property Actions and Proceedings Law.
- (2) Commencing an action by electronic means. (i) Except as otherwise provided in subdivision (a) of this section, a party may commence any action in the Civil Court in any county (provided that e-filing has been authorized in that county and in the class of actions to which that action belongs pursuant to subdivision (a) of this section) by electronically filing the initiating documents with the clerk of the court through the NYSCEF site.
- (ii) Documents that are electronically filed to commence an action in compliance with this section shall be deemed filed with the Clerk of the Civil Court in the county in which the action is brought for purposes of section 400 of the New York City Civil Court Act upon the date of receipt of those documents by the NYSCEF site, together with the payment of any required fee.
- (iii) No later than the close of business on the business day following the date on which the initiating documents are electronically filed to commence an action pursuant to subparagraph (ii) of this paragraph, a confirmation notice shall be transmitted electronically by the NYSCEF site to the person filing such documents. The notice shall contain a link to a copy of the initiating documents to which shall be affixed an index number for the matter and a filing stamp showing the date of filing of the documents and to which there may also be affixed, as the court may require, an image of the signature of the Chief Clerk. This notice will satisfy the requirement in section 400(1) of the New York City Civil Court Act that the clerk return a copy of the filing to the party.

- (iv) Where a summary proceeding under Article 7 of the Real Property Actions and Proceedings Law involving residential property is commenced electronically, NYSCEF shall provide the petitioner with the option, in lieu of submitting a stamped postcard containing the written notice required by section 208.42(i) of these rules, of having the clerk of the court mail such notice to the respondent or, if there be more than one respondent, to all of them. If the petitioner selects this option, the clerk shall charge the petitioner the cost of postage and a processing fee.
- (3) E-filing in an action after commencement. Except as otherwise provided in subdivision (a) of the section, after commencement of an action wherein e-filing is authorized, documents may be electronically filed by, and electronically served by and upon, parties who have consented thereto. Consent shall be obtained, and such e-filing shall be conducted as provided in 22 NYCRR section 202.5-b(b)(2).
 - [(d)] (c) Service of documents.
- (1) A person seeking to obtain personal jurisdiction over a person named as a party to an action specified in subdivision (a) of this section may serve the opposing party *in hard copy, or* by electronic means if the opposing party agrees to accept such service, in accordance with the CPLR or the *New York City* Civil Court Act.
- (2) Where an action is commenced by electronic filing pursuant to this section, the original proof of service required by section 409 of the New York City Civil Court Act [must] shall be [electronically] filed with the Clerk of the Court in the county in which the action was commenced by filing with the NYSCEF site. Service is deemed complete for the purposes of section 410(b) of the New York City Civil Court Act upon [the date of] receipt of the electronic proof of service by the electronic filing address NYSCEF site. In a summary proceeding to recover possession of real property, commenced electronically in accordance with this section, only the proof of service needs to be e-filed. The initial e-filing of the Notice of Petition or Signed Order to Show Cause, at the time of the commencement of the action, satisfies the requirement in 208.42 (h) to return the original of those documents to the Clerk of the Court with proof of service.
- (3) Service of documents after commencement of an e-filed action shall be made as provided in 22 NYCRR section 202.5-b (f) (2), and 202.5-bb(c)(1), where applicable. When an e-filing party serves a document in hard copy on a non-participating party, the document served shall be a true copy of the e-filed document and shall bear full signatures of all signatories. Proof of such service shall be filed electronically.
 - [(e) Signatures.

 - (d) Official Record; Maintenance of Files; Working Copies.
- (1) When a document has been filed electronically pursuant to this section, the official record shall be the electronic recording of the document stored by the NYSCEF system. The clerk or his or her designee may scan and e-file documents that were filed in hard copy in an action subject to e-filing or maintain those documents in hard copy form.
- (2) Parties participating in e-filing shall not be required to submit working copies of documents filed electronically.

Chapter 1 of the Laws of 2002 authorized the conversion of Empire Health Choice, d/b/a Empire Blue Cross and Blue Shield from a not-for-profit corporation to a for-profit corporation. Chapter 1 requires, in part, that upon such conversion, assets representing 95 percent transferred to a charitable be transferred to a fund designated as the "Public Asset Fund" and 5 percent transferred to a Charitable Foundation - as set forth in Section 7317 of the Insurance Law. On December 28, 2005, WellChoice, Inc. (previously known as Empire Blue Cross, Blue Shield) approved a takeover by WellPoint, Inc. This conversion was also subject to the same Chapter 1 requirements of assigning assets representing 95 percent of the fair market value of the not-for-profit corporation be transferred to the "Public Asset Fund"

As of June 30, 2020, \$9,536,485.59 (representing the remaining balance of the State's 95 percent share of the fair market value of the not-for-profit corporation plus interest) is on deposit in the sole custody account titled Public Asset Fund. In accordance with Section 4301(j)(4)(F) and (O) of the Insurance Law and at the direction of the Director of the Budget, these funds are available for transfer to HCRA Resources Fund (20800-20849).
